websites  
from  
£150**

**monthly  
website leasing  
from  
£30**

## Welcome To Accston Web Design

The home of fantastic website design,  
optimisation and management.

We provide web design and associated services for businesses, organisations and individuals alike and have packages available to suit most budgets with prices for a full website starting at just £150. We also offer a low cost, pay monthly option starting at just £30/month.

At **accston web design**, we believe in putting the customer first. Every client has their own dedicated, professional project manager assigned to them, no matter how big or small the commission. This gives you the peace of mind of knowing who you are dealing with on a daily basis, as well as having one point of contact for any questions or help required.

We appreciate that all of our clients are individual and we won't try to squeeze your website into a pre-formatted template. All of our web design is completed from scratch in order that you receive a website that is as individual as you are and not just a clone of thousands of websites already out there.

**Contact us today to discuss your plans and ideas with  
one of our professional project managers in a  
free no obligation initial consultation**

**hello@accston.com**

# Website Design Packages

**Quite simply, we design websites that work.**

We don't do template based sites where you have to fit in with what we give you. We believe that things should work the other way around. All of our sites are individually designed, starting from our single page websites, right up to our full e-commerce packages.

The packages we offer start at just £150 and all include various options to get you started. They all work great either as full web design options or as starting points to create exactly the website that exceeds your expectations. If you need anything more, just let us know and we'll create a package just for you. Almost anything is possible.

Every client receives the services of a dedicated, professional project manager who will guide you through the whole process from start to finish and be a single point of contact for you along the way.

**Contact Us Today  
To See What We Can Do For You**

**BRONZE PACKAGE - £150** single page site, domain, e-mail, 1 years hosting, sitemap & more.

**SILVER PACKAGE - £400** five page site as above + search engine submission, FREE 0845 number and more.

**GOLD PACKAGE - £650** ten page site as above + picture/product gallery & much more.

## Website Leasing

**The concept is easy** - you receive exactly the same high standard web design from our project team, but instead of having to pay for it all in one go, you pay a fixed monthly fee instead. This way, you spread the cost, making budgeting and affordability even easier. Available from only £30/month.

**Contact Us Today For Further Details**

## **E-Commerce Solutions**

**Sell your products and services 24hrs. per day, 7 days a week, without the major overheads.**

Having the ability to sell your goods and services online is perhaps one of the greatest achievements of the internet; but why should you do it? Well the answer is really simple - because your competitors are and with the average UK shopper now spending £81 per month online, can you afford to ignore this market?

Accston offer full e-commerce packages from as little as just £499. This will get you online and taking advantage of this lucrative market in no time at all. We can even manage the day to day activities of your online shop from only £40 per month.

## **Website Management**

**accston web design** now offer a monthly service to keep your website in tip top condition and crucially, ahead of the competition.

Basically, whatever you need can be incorporated into one of our web management packages, from regular re-designs to constant submission to directories and search engines, from keeping track of who visits, when and for how long to updating your products and price lists, we can do it all.

Web management is crucial for any successful business and letting us do that for you gives you the time to do what you do best, with prices from only £30/month.

## **Additional Services**

Our services also include the following, available to existing and new clients alike. Indeed you don't even need to have your website with us in order to take advantage of these fantastic add ons.

**E-mail marketing & newsletter campaigns**

**Search engine optimisation and submission**

**Website upgrades and re-designs**

**Domain name and e-mail only accounts**

**Call Us On 0845 474 1931 For Further Details**

Accston Web Design are a small, but perfectly formed website design, optimisation and management company based in Accrington in the heart of Pennine Lancashire.

From humble beginnings we now proudly provide our services to large and small businesses, organisations and private individuals across the U.K.

If you like what we have been able to show you in this booklet, please take a look at our website where there's lots more information and examples of our work.

If you also like what you see there, then you really should contact us and let us show you how we can exceed your expectations and create the perfect website for you.
